

EL2 Error Norm Calculations

EL2 Error Norm Values	<u>R(t)</u>	<u>I(t)</u>	<u>S(t)</u>
<u>Newton Linear Interpolation</u>	0.6271	0.7803	0.7423
<u>Newton Quadratic Interpolation</u>	0.0818	0.1512	0.1280

Newton Quadratic Interpolation produces smaller errors compared to Newton Linear Interpolation
