

EL2 Error Norm Calculations

EL2 Error Norm Values	<u>R(t)</u>	<u>I(t)</u>	<u>S(t)</u>
<u>Newton Linear Interpolation</u>	184.3205	30.4661	23.6933
<u>Newton Quadratic Interpolation</u>	183.5381	28.6136	22.6068

Newton Quadratic Interpolation produces slightly smaller errors compared to Newton Linear Interpolation
